Orion Engineering promotes Danny Vaughn to vice president of operations at Louisiana office

GONZALES, La. – Orion Engineering recently announced the promotion of Danny Vaughn to vice president of operations in the company’s new Louisiana office.

“Danny’s knowledge of Orion’s procedures and capabilities is imperative to ensuring the continued delivery of quality engineering services that Orion is best known for,” said Charles Busby, CEO and president, Orion Engineering. “His willingness to relocate in order to get this office started on the right foot is a testament to the type of employee he is.”

Vaughn joined Orion in 2011 as project manager. He has more than 30 years of experience in the industrial and commercial sectors of the industry, including gas and oil (refinery and mid-stream), metals, specialty and petrochemical, pulp and paper manufacturing, and pharmaceutical. His managerial experience ranges from overseeing construction and engineering projects to design engineering and project engineering.

Vaughn is a registered professional engineer in Alabama, Mississippi, Florida, and Oklahoma. He received his Bachelor of Science in civil engineering from the University of Alabama in Birmingham, and his Master of Business Administration from Auburn University. He serves as the qualifying party for the Orion General Contractor licenses in Alabama, Mississippi, Louisiana, and Florida, where he lives in Pensacola with his wife, Holly.

About Orion Engineering

Founded in 2001, Orion Engineering is a multi-discipline engineering and construction management firm delivering project services from conceptual design to commissioning and start-up. For more information on Orion’s services, please visit www.orion-eng.com.
